You can also view our screencast and written report online from the above link.
These are of course also submitted to Blackboard and code uploaded to GitHub.

Please note: When viewing code on GitHub we have our code uploaded to a different branch called **COM409_N4Rentals.** To view this you will need to click Branches and then click this branch. This is our latest version of code…other code uploaded to any other areas we wish you to ignore. Thanks.
